

AYE [आय] FINANCE

THE FINANCIAL INCLUSION CRUSADER

FUTURE AND AYE

“Aye is making affordable loans a reality for the historically credit-starved micro enterprises of India since 2014. We have addressed the credit requirements of this sector by customising our entire business model to the unique needs of this first-to-credit segment. The segment has small ticket loan requirements with no collateral to offer and limited tech experience”

SANJAY SHARMA

MD & CEO, AYE FINANCE

AWARDS AND RECOGNITION

Aye Finance was recognised with the “Financial Inclusion Crusader” Award.

“For over five years now, Aye Finance has been a trusted partner in our endeavour to bridge the credit gap in the micro enterprise sector via private capital funding. We are once again delighted to collaborate with Aye to support the growth of small, resilient businesses post a difficult couple of years”
